This is in response to the outstanding Office Action, dated August 26, 2005, in the above-identified application.

Upon review of the file, it was noted that the initialed Form PTO-1449 filed with the Information Disclosure Statement dated December 4, 2003 has not been completed. It is noted that item C3 under "Other Prior Art-Non Patent Literature Document" has not been initialed. It is requested that the Examiner initial this item on the Form PTO-1449 indicating that it has been considered, a copy of the 1449 is enclosed for the Examiner's convenience, and return it to the undersigned attorney.

It has also been noted that items C4 and C5 have been crossed out. Although it is indicated in the Office Action that these applications have been considered Applicant requests that the items be initialed and confirm that they will show on the face of the patent as having been considered. In addition, these two patent applications have published and submitted herewith is a new PTO-1449 form listing the publication numbers (a complete IDS is not being
